WORLD ASSEMBLY

FOR THE  
MORAL RE-ARMAMENT  
OF THE NATIONS

MRA

PROGRAM

GRAND HOTEL • JUNE 1-12, 1951

## STATE OF MICHIGAN

*To the World Assembly for the  
Moral Re-Armament of the Nations:*

AS YOU GATHER on Mackinac Island for your convention it is a pleasure to send you my good wishes and to greet you on behalf of the people of Michigan.

This historic wonderland, which for almost three centuries has been a scene of events which have played a major part in the development of the New World, is an ideal spot to hold your meeting. Mackinac Island offers you every facility for a successful convention and may we suggest coincident with the meeting, you arrange for a vacation when you can travel leisurely through the glorious Michigan resort and lake district.

It is my earnest wish that all your deliberations will be fruitful and that your 1951 convention will prove most successful.

G. MENNEN WILLIAMS  
*Governor*

May 28, 1951.

## A WELCOME

*Resolution Passed by the*

### MACKINAC ISLAND CITY COUNCIL

May 29, 1951

**WHEREAS:** History has been made on Mackinac Island, where in earlier days pioneers came by canoe to seek the treasure of the furs and the forests, where the Indians believed the Great Spirit dwelt, where French, British and American soldiers found a fortress and a stronghold;

**AND WHEREAS:** Today new pioneers come from far and near by plane, ship, car and train to the Moral Re-Armament World Assembly to seek and find the treasure of unity, to find anew at Mackinac a stronghold of the Spirit which can safeguard liberty and peace;

**THEREFORE BE IT RESOLVED:** That a hearty welcome be extended to Frank Buchman and the statesmen, industrialists and labor leaders from all over the world who are attending the Assembly for the Moral Re-Armament of the Nations at the Grand Hotel, Mackinac Island, June 1-12, 1951, where new history will be made.

## World Assembly for the Moral Re-Armament of the Nations

### EXTENSION OF REMARKS

OF

HON. A. S. J. CARNAHAN

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 9, 1951

MR. CARNAHAN. Mr. Speaker, an unusually significant conference of world proportions is to be held in our country next month. I refer to the World Assembly for the Moral Re-Armament of the Nations which will take place at the Grand Hotel, Mackinac Island, Michigan, June 1 to 12, 1951.

As chairman of the Subcommittee on Information of the House Committee on Foreign Affairs, I believe that the Mackinac conference will play an important role in helping us to clarify the global objectives of democracy, in finding effective means for telling democracy's story compellingly, and in winning the hearts and minds of the peoples of the world.

Under unanimous consent, I include in the CONGRESSIONAL RECORD three documents in connection with this Mackinac conference. They are a cable from the chairman and ranking members of the Senate Committee on Foreign Relations and the House Committee on Foreign Affairs sent to leaders prominent in public life abroad; a statement of welcome issued by all the Members of the Michigan delegation in Congress; and a message from William Green, president of the American Federation of Labor, to labor leaders abroad.

#### Cable From Senate and House Leaders

WASHINGTON, D. C., May 1, 1951.

As members of the Foreign Relations and Foreign Affairs Committees of the United States Senate and House of Representatives, we wish to add our support to the invitation extended you to attend the World Assembly for the Moral Re-Armament of the Nations at Mackinac Island, Michigan, June 1 to 12, and to the welcome already issued by our Michigan colleagues in Congress.

Your presence in the United States, together with other distinguished leaders from Europe and Asia, can do much to focus the attention of the American people at this time on the positive steps that can be taken everywhere to answer

the ideological threat of world communism. We need such a demonstration of united strength in the field of inspired moral leadership, without which our common military, political, and economic efforts to save the free world will certainly be less effective.

We are impressed with the practical evidence of what such active moral leadership has accomplished to establish democracy as a working force in danger areas that affect the future of your country and ours. We recognize the opportunity this assembly offers to proclaim to the world an inspired experience of democracy based on moral standards and the guidance of God which is the greatest bulwark of freedom.

We look forward to welcoming you on the occasion of your visit.

SENATOR TOM CONNALLY,  
*Chairman, Senate Foreign Relations  
Committee.*

SENATOR ALEXANDER WILEY,  
*Representative JOHN KEE,  
Chairman, House Foreign Affairs  
Committee.*

Representative JAMES P. RICHARDS,  
Representative CHARLES A. EATON.

#### Welcome by Michigan Congressional Delegation

Michigan Members of Congress have joined in welcoming top-ranking political, military, industrial, and labor leaders from five continents to a World Assembly for the Moral Re-Armament of the Nations to be held at the Grand Hotel at Mackinac Island, Mich., from June 1 to 12. Representatives from Western Europe and the Far East will join with delegates from South Africa, South America, Australia, Canada, and the United States to consider the steps necessary to give democracy the strength to win in both the east and the west at the same time.

## CONGRESSIONAL RECORD

"The event looms as one of major significance," said Senator HOMER FERGUSON, of Michigan, and other members of Michigan's Congressional delegation in a joint statement issued from the Senator's office in Washington April 22 welcoming the assembly to their State. "Michigan is honored to be linked with a global struggle to reassert the effective strength of moral standards and the worth of every man under God's guidance. Our spiritual strength as well as our material strength must be mobilized to meet the universal threat of godless Communist materialism."

Headed by Representative ROY WOODRUFF, of Bay City, dean of the Michigan delegation in the House, Congressional signatories to the statement include: JESSA P. WOLCOTT, Fort Huron; GEORGE A. DONDERO, Royal Oak; JOHN D. DINGELL, Detroit; FRED L. CRAWFORD, Saginaw; CHARLES E. POTTER, Cheboygan; CLARE E. HOFFMAN, Allegan; PAUL W. SHAFER, Battle Creek; WILLIAM W. BLACKNEY, Flint; JOHN B. BENNETT, Ontonagon; GERALD R. FORD, JR., Grand Rapids; GEORGE D. O'BRIEN, Detroit; LOUIS C. RABAUT, Grande Pointe Park; JOHN LESINSKI, JR., Dearborn; THADDEUS M. MACROWICZ, Hamtramck; GEORGE MEADER, Ann Arbor; RUTH THOMPSON, Whitehall and Muskegon.

Following his appointment to succeed Senator Vandenberg, Senator BLAIR MOODY stated on the Senate floor, "I am delighted to make it unanimous by adding my own warm support to this welcome."

A number of Cabinet Ministers from Europe are expected at the Mackinac assembly. Both Chancellor Konrad Adenauer, of Germany, and Foreign Minister Robert Schuman, of France, have credited Moral Re-Armament with a major contribution to Franco-German unity. The Danish Foreign Minister, Ole Bjorn Kraft, said at a recent meeting in Copenhagen, "This is a world movement with a world answer which will play its part in shaping the future." Consultations with these men and other Cabinet Members in Italy, Belgium, and the Scandinavian countries have pointed to the value of a gathering in America at which evidence can be massed and developed of how MRA is "turning the tide of communism."

Delegations from the Far East, including a delegation of 65 Japanese leaders and others from Nationalist China, Burma, and India are preparing to come. The head of the All-India Posts and Telegraphs is already on his way. Gen. Ho Ying-chin, from Formosa, and Mr. Sisato Ichimada, the governor of the Bank of Japan, have expressed the desire to attend.

The intensive work of Moral Re-Armament following the assembly at the Shoreham Hotel in Washington in January has led to important developments which make this world assembly of special timeliness. British leaders have noted the successful averting of Communist efforts to tie up London and Scottish docks in a general strike last month. The Red strategy was frustrated, according to the Communists themselves, by MRA-trained dock workers from London and Glasgow, who took part in the Washington conference.

French workers from the Red Belt factory area of Paris who were present in Washington, played a similar role in preventing a general strike in Paris at the time of General Eisenhower's visit this winter.

Large-scale national campaigns have been held after conferences with government leaders in France, Germany, Den-

mark, Norway, Sweden, Switzerland, Italy, Holland, and Belgium in connection with the launching of the book "The World Rebuilt," by Peter Howard. This book reporting "the true story of Frank Buchman and the men and women of Moral Re-Armament" has already sold 200,000 copies and a further 150,000 are in printing.

June 4 is Dr. Buchman's seventy-third birthday, and in this year of his nomination for the Nobel Prize will be a special focus for world-wide interest in Moral Re-Armament.

In addition to the delegations from overseas, there will be strong American representations, especially from those industries in which, as in National Airlines, MRA has been the means of bringing a new era of understanding and of saving millions of dollars.

The full text of the statement by Senator FERGUSON and the Michigan delegation in the House of Representatives follows:

"We of the Michigan Congressional delegation take great pleasure in directing the attention of our fellow citizens to the World Assembly for Moral Re-Armament, which is to be held in Michigan, at the Grand Hotel, Mackinac Island, June 1-12, 1951.

"Moral Re-Armament has been described as 'a world force having as its principal objective adequate preparedness of free nations for the ideological conflicts in which the world is now engaged.'

"That is an objective which challenges the interest and imagination of all of us who believe in the strength and guidance of God. We believe that material forces alone cannot assure permanent peace, security, and tranquility among nations and among people. We who believe in God see that our spiritual strength, as well as our material strength, must be mobilized to meet the universal threat of godless Communist materialism.

"Every nation of the world is being invited to send representatives to the Mackinac conference. The event looms as one of major significance, and Michigan is honored to be its host, as the name of our State is thereby to be linked in the eyes and minds of leaders in many lands with a global struggle to reassert the effective strength of moral standards and the worth of every man under God's guidance."

### Letter from William Green to Labor Leaders in Europe and Asia

WASHINGTON, D. C., May 4, 1951.

The chairmen and ranking members of the Foreign Relations and Foreign Affairs Committees of the United States Congress, and the Michigan Congressional delegation have joined in welcoming national leaders from abroad to the World Assembly for Moral Re-Armament, at Mackinac Island, Michigan, June 1-12, 1951. The American labor movement warmly supports this welcome and expresses the hope that you and others of our trade-union brothers from Europe, Asia, Africa, Australasia, and the Americas will attend this gathering and so contribute to the new world of liberty and justice we all desire.

WILLIAM GREEN,  
President, American Federation of Labor.

## MESSAGES

*on the occasion of the World Assembly for the Moral Re-Armament of the Nations, and of Dr. Frank N. D. Buchman's birthday, include the following:*

**I** SINCERELY and heartily wish this World Assembly a mighty, enduring success, for it is my conviction, too, that men and nations cannot outwardly enjoy stable relationships until they have been inwardly prepared for them. In this respect Moral Re-Armament has rendered great and lasting services.

The German people gratefully recognizes the help which has so readily come to them through Moral Re-Armament. Very soon after the end of the war Moral Re-Armament reached out a hand to the German people and helped them make contact again with other nations. In Western Germany, Moral Re-Armament has worked very forcefully in the creation of good relations between management and labor. In recent months, too, we have seen the conclusion, after some difficult negotiations, of important international agreements. Here, also, I believe, Moral Re-Armament has played an invisible but effective part in bridging differences of opinion between the negotiating parties, and has kept before them the objective of peaceful agreement in the search for the common good, which is the true purpose of human life.

To you personally, the founder and unwearied fighter for Moral Re-Armament, I would like to take this opportunity of conveying my warmest wishes for your health.

KONRAD ADENAUER  
*Chancellor of the German Federal Republic*

**I** SEND YOU my best wishes for the success of the World Conference. I shall follow, even though from a distance, the progress of your splendid work with keen personal interest.

ROBERT SCHUMAN  
*Foreign Minister of France*

**I** ASSURE YOU of my deep sympathy for the noble purpose of Moral Re-Armament of the countries that like yours and mine contribute with so many others to the triumph of the idea of democracy based on moral standards and the guidance of God. I convey my heartiest congratulations to Dr. Buchman.

JOSEPH PHOLLEN  
*Prime Minister of Belgium*

*From Members of both Houses and all Parties of the British Parliament:*

**T**O YOU and the distinguished assembly meeting with you we send our greetings. Once again the call of the hour is the call to strength. You have realized and brought home to the world the added strength and security of a great uniting idea founded on absolute moral standards and the supreme authority of God's guidance. The world response evoked by this idea is one of the miracles of our time. It is fitting that this Assembly should be taking place in the United States, and we welcome the bold initiative of our colleagues in the United States Congress who have so powerfully supported it.

SHIGERU YOSHIDA  
*Prime Minister of Japan*

HEARTY birthday congratulations from the Far East and deep gratitude for the world force of MRA. Warm greetings to World Assembly delegates. We realize that the next ninety days may determine which ideology will control the world. You are meeting at the critical hour of history. Regret we are unable to attend but through those representing us from the Far East, together with delegates from all parts of the world, we look to your Assembly as the decisive force in providing the complete ideological answer so desperately needed. We send our full support as you meet.

I AM FULLY AWARE of the great importance of this conference at this moment in the history of a troubled world. The forces of evil, hate and tyranny threaten on all sides. The possessive impulses of materialism infest their activities. The great world movement for Moral Re-Armament will do much to promote a spirit of reverence between human beings as it leads the way to a spiritual awakening. I am proud to be associated with MRA and send my best wishes to the Assembly.

**HEARTY CONGRATULATIONS** on your birthday and our wishes for the complete success of your battle for the Moral Re-Armament of the nations.

Please transmit our thanks to Mr. William Green and the leading Members of Congress for the invitation to Mackinac. Although we unfortunately have to remain in Germany, we shall follow the conference with great interest. We share the conviction of our colleague, Mr. Green, that this conference is contributing to the rebuilding on foundations of freedom and justice of that new world for which we all long.

MORAL RE-ARMAMENT has turned on for us in the Ford Motor Company of Dagenham a clear light. Many more from the factory are coming within its beam as was evidenced by the new faces present at your birthday celebrations in East Ham yesterday. Please assure our delegation who are with you in Mackinac that we who are left are continuing the fight to make MRA the generally accepted policy in the plant.

MIDLAND Directors and Managers send heartiest congratulations on your 73rd birthday. Change in the English Midlands, the home of coal and steel, can and does affect the world. Management is changing fast in the fight to save civilization, and labor here is meeting it more than half way. Under the guidance of God something new is emerging in this great industrial heart of England that will play its part in rebuilding the world. Greetings to the Conference at Mackinac. All eyes are upon you as you forge the links that will unite everyone everywhere in this great struggle to remake the world.

From Presidents, Chairmen and Directors of British Industries:

WARM GREETINGS to statesmen, industrialists, labor leaders and others assembled at Mackinac. We in British industry are convinced that moral values are essential to a united East and West and to inspire governments and peoples to work together to build a new world. America's initiative in this Mackinac Assembly is the counterpart in the spiritual sphere of her generous aid to the free nations in the defense and economic spheres. We are anxious that the British Commonwealth and Europe play their full part.

## DAILY PROGRAM

8.40 Mass

### SESSIONS OF THE ASSEMBLY

9.45 First Morning Session

11.00 Second Morning Session

5.00 Afternoon Session

8.30 Plays, concerts, films

ALL SESSIONS of the Assembly will take place in the Grand Hotel. Plays will be presented each night. *Jotham Valley* had its American premiere at the Washington Assembly for Moral Re-Armament in January. It played four weeks on Broadway and comes to Mackinac from Miami where, with other Moral Re-Armament plays, it has been presented at the invitation of the airlines and Florida industries. The industrial drama *The Forgotten Factor* has been playing on all five continents and in eleven languages. *Annie the Valiant*, with its warmhearted picture of the ordinary person doing the extraordinary thing, will be the third play of the series.

Films will be shown and songs and concerts given by the Mackinac Singers.

## MACKINAC 1951

**M**Y DEEP personal wish is to have every American free under the direction of God to fight for America; so to fight that America really be free, free from the tyranny of sin, under God's direction, the unseen but ever-present Power. I wish this no less deeply for everyone in every nation. I don't want our sons, especially our fighting sons, to go about without an answer. It simply enslaves them. It is not good enough. It will drive them to the same philosophy that rules our opponents. We shall never create an inspired democracy that way. Men must learn to have a faith that will create the right revolution. If we can spread this revolution fast enough we can save America and the world. Unless we have this revolution there will be a revolution of chaos.

## BOOKS

*Ten million MRA books, pamphlets and periodicals have reached the peoples of every continent in the past decade. Published in many languages, they proclaim the ideology of inspired democracy. They are indispensable arms in the world ideological struggle.*

### REMAKING THE WORLD

*The collected speeches of*

Dr. FRANK N. D. BUCHMAN

"It is not a question of a change of policy; it is a question of changing men. Democracy and her freedoms can be saved only by the quality of the men who speak in her name. That is what Dr. Buchman expresses in simple and moving words."

ROBERT SCHUMAN  
*Foreign Minister of France*

"*Remaking the World* I believe is the first book that shows how the ordinary man can make history. It is my deep conviction that here in this book we have the means given us to create the new world."

Prof. THEOPHIL SPOERRI  
*Rector, Zurich University, 1948-50*

McBRIDE, NEW YORK—\$3.00

### THE WORLD REBUILT

By PETER HOWARD

This book is now published in ten languages and 330,000 copies have been distributed in twenty countries. In England it sold 50,000 copies before publishing date. British dockers' leaders sent a copy of this book to each member of the House of Lords and House of Commons with a covering letter, telling of a new spirit that has come in the docks through MRA.

A leading American electrical manufacturer distributed copies throughout his company, convinced that a new spirit in the company would be a worthwhile investment. This book is, in fact, providing the democracies with something we urgently need—a handbook of action for a world-spanning idea. An enlarged American edition is to be published in September by Duell, Sloan and Pearce.

BLANDFORD PRESS—\$1.00

*The above books are also available in Danish, Dutch, French, German, Japanese, Norwegian, Swedish, Italian. All literature may be obtained from Moral Re-Armament, 640 Fifth Avenue, New York 19, N. Y., or from Moral Re-Armament, 833 South Flower Street, Los Angeles 17, California.*
