

*Opposes
removal*

"The people of Western Township are praying for a miracle to change the plans for their removal," said Mr. P. Q. Vundla, leader of the Western Advisory Board, speaking at a farewell reception to the retiring superintendent, Mr. A. R. Cleverley. "Western people are a quiet and law-abiding

people," he said. "They respect themselves and respect the administration. They have shown this even during these very trying times, when they are told they will be moved from Western Township to Noordgesig. But their feeling is to continue to stay here."
