## WHAT'S WRONG WITH US?

Sir,—I spent the evening of 21 May at the Lyric Theatre, listening to and enjoying "Springbok Stampede."

Fifty young voices sending a message across the footlights in the nicest way possible, in song.

What is wrong with the human race? Unless a show can boast of sex, rape and murder, we are not interested.

It is a pity that these youngsters, who have so much to give, are playing to such poor houses.

I urge everyone to go to the Lyric and restore his faith in the youth of today. I was elated.

Wally Levy,
